

Invest Alberta

2022 YEAR IN REVIEW

Beginning in 2020, Invest Alberta set out on a mission to attract high-impact, high-value investments to strengthen our economy.

We have worked with key partners across the globe and here at home to secure billions of dollars in investments and thousands of jobs across diverse sectors.

Join our journey into 2023 and beyond as we bring even more meaningful job-creating investment that delivers value to all Albertans.

Follow Alberta's growth by engaging with us on LinkedIn and Twitter and by visiting investalberta.ca.

- Rick

Invest Alberta is part of an ecosystem that drives investment attraction and economic development in the province. Together we are diversifying and growing our economy to strengthen the long-term prosperity of Albertans. Thank you to our partners:

Our network is working toward the shared goal of economic prosperity and diversification to make Alberta a stronger province. We would like to acknowledge the broader environment and some of the major achievements our partners led this year.

PIP International, celebrated the opening of their \$20-million pea-processing pilot facility in Lethbridge

Nikola and TC Energy announced a strategic collaboration for the development, ownership and/or operation of critical hydrogen infrastructure for hydrogen fueled zero-emission heavy-duty trucks

Rogers committed \$2.5 billion to upgrade 5G connectivity across Western Canada, including \$1 billion – about half of which will be in Alberta – in rural, remote and Indigenous areas

WestJet announced a historic partnership with the Government of Alberta to set the foundation for future of aviation growth across the province

Infosys opened a Digital Centre in Calgary to hire 1,000 skilled workers and help boost tech talent for our increasingly digital future

Inter Pipeline announced steps toward sustainability in the petrochemical sector as production began at the Heartland Petrochemical Complex

MAJOR COMPANIES CHOSE ALBERTA

EY opened their Financial Centre of Excellence and Neurodiversity Centre of Excellence in Calgary

CGC Inc. announced a \$210 million investment to build a new state-of-the-art wallboard manufacturing plant in Wheatland County
